Dear Families,

Last week was so busy! Students went on an excursion around community and a bush trip. There were two stand-outs though. First, **Juanita Davis** is doing a great job of teaching the **I-CAN Program** (Indigenous Communities for Activities and Nutrition). Every Wednesday, Juanita works with classes on their physical fitness. Students play fun games and exercise. A special track is being built around the oval. This is for the whole community to use. More on Juanita, I-CAN and the track to follow (some photos). On Wednesday and Thursday, two artists worked with the Senior class to design and make a **mural for the AAAC Youth Space**. Mr W and the students were very excited about it. What a success. Just check out the pictures below:
