Dear Families,

Last week, Senior Fellas began the **2021 Horse Program** out at the bore. Of the 10 students that went, eight rode horses. This is a good start. An overnight horse-camp is planned for later in the term. Our thanks to AAAC and the stockmen for supporting this excellent program.

Other News:

School is concerned about some students leaving school grounds at recess / play times and **buying things from the Community Store**. We're know that some students have things bought for them by adult families. This might include drinks such as Coke and Iced Coffee and food such as pies or lollies. We respectfully remind everyone that Store is not allowed to serve students during school time and families should also not be buying / giving food and drink to students at this time.

THIS Week and Ahead:

NAPLAN	• **NAPLAN** begins for students in **Years 3, 5, 7 and 9**. NAPLAN is basically TESTS in reading, writing, spelling and maths. Students will do the tests online. NAPLAN goes for all of this week and next week.
AFL NORTHERN TERRITORY	• Tommy or Clint will be here for **AFL on Tuesday**. This runs every other week now. So AFL in Weeks 4, 6, 8 and 10. Starting this term, there will be a special AUSKICK competition for students that come to school. (More on that to come).

A Message from our Religious Education Coordinator, Rosie:

	We celebrated Mothers' Day in school last week and that day itself was on Sunday. For those whose mothers and grandmothers are still alive - cherish them today. Hug and kiss them. Honour them. Thank them. For those whose mothers have gone home to the Lord, remember them with LOVE… *God bless. Rosie Landsberg*

God bless our students and families. Have a great week, everyone!
